

Works best when printed on a heavier paper. Check your printer's instructions to learn what paper(s) are safe for your printer to print on.

- 1.) If you're a kid, get a grown up to help you.
- 2.) Safely cut out the mask.
- 3.) Safely punch out holes for string on the edges of the mask, by the eyes.
- 4.) Safely cut out holes for your eyes. they may not line up with the eyes of hoops or yoyo because their eyes are pretty far apart.
- 5.) Secure string to mask, be careful not to tear mask.
- 6.) Put mask on, enjoy it. Impress your friends. Send us a picture. hoops&yoyo.com
